

Grill Pans

Chicago Metallic's selection of grill pans, constructed of high-strength aluminum, easily withstand high temperature conveyerized or conventional ovens to evenly cook and grill a wide variety of dishes.

Efficient & Versatile

Increase the utility of your conveyor oven with these economical pans that cook everything from baked products to "grilled" dishes such as vegetables and proteins including steak, chicken, and fish.

Unparalleled Releases

Pans pre-seasoned with AMERICOAT® ePlus offer exceptional ease and convenience, combining the release characteristics of a non-stick coating with the flexibility to use metal utensils.

Item #	In Stock	Coating	Description	Overall Size (in)
Standard Eighth-Size Sheet Pan				
41800	★	Plain	16 gauge*, curled rim, no wire	6 ⁷ / ₁₆ x 9 ⁷ / ₁₆ x 1 ¹ / ₃₂

The BĀKALON Advantage

Chicago Metallic BĀKALON Pans are hardcoat anodized aluminum pans that provide optimal strength, durability, and thermal conductivity. This ultra-hard aluminum oxide surface provides a nearly permanent protective dark gray cooking surface that will not chip, peel, rust, or interact with food.

Find your local Chicago Metallic sales representative at cmbakeware.com/local-rep for more information or to place an order.
