

# ePAN® Bun Pans

Chicago Metallic ePAN® Bun Pans are manufactured from high-tensile strength aluminized steel which produces a pan that is thinner and lighter, yet substantially stronger than traditional pans. Using less metal also means ePAN Bun Pans heat faster and cool more quickly.

## Energy Efficient

ePAN uses a thinner gauge but higher tensile strength aluminized steel that allows the pan to heat up and cool down faster, resulting in reduced energy costs.

## Environmentally Sensible

ePAN requires a substantially lower volume of raw material resulting in less resource consumption.

## Ergonomically Sound

The lighter weight ePAN – weighing up to 25% less than a traditional pan – makes handling more manageable and less stressful for employees.

## Extended Pan Life

The high-tensile strength of the aluminized steel minimizes the potential for pan damage.

| Item #                    | In Stock  | Coating    | Description            | Arrangement     | Overall Size (in)  |
|---------------------------|---|------------|------------------------|-----------------|--|
| <b>Hamburger Bun Pans</b> |   |            |                        |                 |  |
| 42495                     |  | Glazed     | 26 gauge*, wire in rim | 4 rows of 6     | 17 <sup>3</sup> / <sub>4</sub> x 25 <sup>3</sup> / <sub>4</sub> x 1 <sup>1</sup> / <sub>3</sub>      |
| 42425                     |  | Glazed     | 26 gauge*, wire in rim | 3 rows of 5     | 17 <sup>11</sup> / <sub>16</sub> x 25 <sup>11</sup> / <sub>16</sub> x 1 <sup>9</sup> / <sub>32</sub> |
| 42445                     |  | Glazed     | 26 gauge*, wire in rim | 6 clusters of 4 | 17 <sup>11</sup> / <sub>16</sub> x 25 <sup>11</sup> / <sub>16</sub> x 1 <sup>5</sup> / <sub>8</sub>  |
| <b>Hot Dog Bun Pans</b>   |   |            |                        |                 |  |
| 42435                     |  | Glazed     | 22 gauge*, wire in rim | 3 rows of 6     | 17 <sup>11</sup> / <sub>16</sub> x 25 <sup>11</sup> / <sub>16</sub> x 1 <sup>5</sup> / <sub>8</sub>  |
| 52435                     |  | DuraShield | 22 gauge*, wire in rim | 3 rows of 6     | 17 <sup>11</sup> / <sub>16</sub> x 25 <sup>11</sup> / <sub>16</sub> x 1 <sup>5</sup> / <sub>8</sub>  |

## BUNNY BAKING SOLUTIONS:

-  Baking Pans
-  Pan Coatings
-  Release Agents & Applicators
-  Refurbishment Services

## Ultimate Coatings

### AMERICOAT® ePlus Silicone Glaze

AMERICOAT® ePlus is the world's leading silicone release coating.

- Longer-lasting performance
- Reduced pan oil and labor costs
- Increased durability
- Reduced food staining

### DuraShield® Non-Stick Coating

DuraShield® fluoropolymer coating provides a guaranteed minimum of 3500 releases on most bun products.

- Virtually eliminates the use of oils
- Outstanding release characteristics
- Certified to be PFOA-free
- Easy to clean

 Made in USA with Global Materials
